

## ITALIAN CASE STUDY

### AIM

Sharing reflections about approaches and methodologies adopted in the project “The arts of difference”: how emotional education tools have supported you in managing conflicts played in the school context

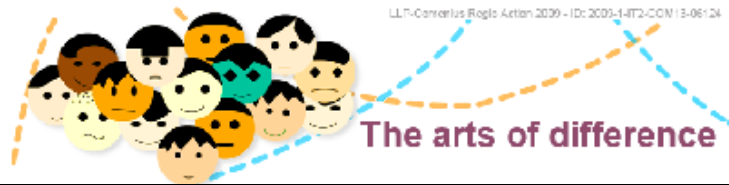

### Method

Description of one case study, following items of the template. It's not necessary to respect the sequence, you can invert the order of questions.

## TEMPLATE

1. The history of the case. Describe the situation: main opportunities/difficulties/gaps occurred in the school context
2. What have you done? Describe your intervention and drawn results.
3. How do you have analysed the situation and chosen the means fitting that specific situation?
4. How “The arts of difference” has supported you to improve the effectiveness of your intervention?
